

AZ 0000  
DOCKET NO.

November 21, 2012

2012 DEC 20 09:00

Commission's Dock33t Control Center  
Farwest Water and Sewer, Inc.  
Re: Docket No. WS-03478A-12-0307

We are winter residents of Yuma traveling in our motor home from Washington state each Fall, stay on our lot in Yuma in our motor home and returning to Washington in the Spring. We pay Far West service monthly even when our lot is empty during the summer. The cost of our trips to Yuma are getting so costly that many of our friends cannot afford to come down the last couple years. We find it a baring on our income but want to be here to enjoy your city as long as we are physically able. With the ridiculous plan by Farwest to raise their fees for their service is going to be the reason that many people will not want to buy here or even locate here. Why would you want to make it ugly for your public using your services who give a boost to your economy and turn them away from Yuma altogether? We are not responsible for Farwest's mismanagement of business dealings.

Sincerely,

*Larry Pryse*
